heyo it's Casey, well sort of.. this reply gets sent automatically but I actually typed it. make sure you click the link and add your info to my phone so I can respond to you. Then it will actually actually be me. ok, thanks for being a part of this.

2. The link redirects to a form for me to subscribe

In the form, the last 4 digits of my phone are displayed

3. After I subscribe the system sends me an SMS confirming that everything is ok.
